WHEN TALKING  
ABOUT SEX AND  
IDENTITIES?**

# TIPS AND TRICKS

- Watch your language! Opt to use general neutral terms like "partner", "sibling", etc.
- Don't make assumptions. You cannot always tell a person's gender identity or sexual orientation from how they look
- Listen and learn from others about their experiences, identities, and preferences
- It's okay to make mistakes, but it's also important to correct those mistakes and prevent them from happening again
