

**HOW CAN I
CONTRIBUTE TO
A SAFE AND FUN
PARTY CULTURE?**

KNOW YOUR LIMITS & RESPECT OTHER'S LIMITS

When using drugs or alcohol it's important to know your personal limits and not to continue past them.

Likewise, when a person expresses a limit to you, you should respect that limit and not push them to exceed it.

BE AN ACTIVE BYSTANDER

If a situation doesn't seem right--
CARE! Create a distraction, Ask
for help, Refer to an authority, or
Enlist others. And remember to
shut down rape myth or victim-
blaming statements when you
hear them.

REMEMBER THE AMNESTY POLICY

If a situation arises where you need help, don't hesitate to call Campus Safety or 911. The College's amnesty policy protects students in most cases where an emergency is reported at the time of an alcohol or drug violation.

ENJOY YOURSELF!

Parties and social gatherings are great times to meet new people and build connection on campus!
