KAMP

Knox Alumni Mentoring Program

OVERVIEW

The program is designed for students to build their network and for Alumni to assist them in reaching their goals beyond Knox.

- Touch base at least once a month via e-mail, phone, or any other form of communication.
- The in-person meetings will most likely vary depending on your proximity to campus. Communicating via skype is also encouraged. If you will not be present for events such as homecoming, please consider arranging an opportunity to meet with your student mentee face-to-face.

We hope students and mentors create an organic mentoring relationship, with the assistance of our receptions and career development opportunities.

PROGRAM BENEFITS

Mentor

We believe that mentoring will be a positive and enriching experience for you. Specifically, we hope you will:

- Refine coaching and mentoring skills.
- Develop meaningful connections with students.
- Gain professional synergy.
- Expand your professional network.
- Learn about the Knox of today and develop an affinity for the college.

Mentee

Following are some general ways we hope the students will gain from being in a mentoring relationship:

- Build a professional network.
- Develop and enhance professional and communication skills.
- Connect academics and career; gain perspective and support on academic pursuits and challenges.
- Explore new ideas and areas of interest.
- Gain exposure to career options.
- Develop an affinity for Knox College.
